CONCEPT

Parched Desert, Remote Highways, and 'Lynchian' Dreamscapes

A Man awakes in a blistering desert surrounded by Cacti.

When one pricks his finger, he begins to bleed and his reality warps.

Walking along a barren stretch of Highway he battles through exhaustion, fugue, and mirage.

On his journey, we intercut with obscure closeups of GLASSEYE shredding.

As the sun goes down, a figure meets him along the highway, its HIMSELF

The Mirror Pair meet, the Doppelgänger blocks the Mans path, wielding a Knife.

Only one walks away.

COSTUMES

BAND

Rarely see full setup. Focusing on extreme Closeups & Obscure angles.

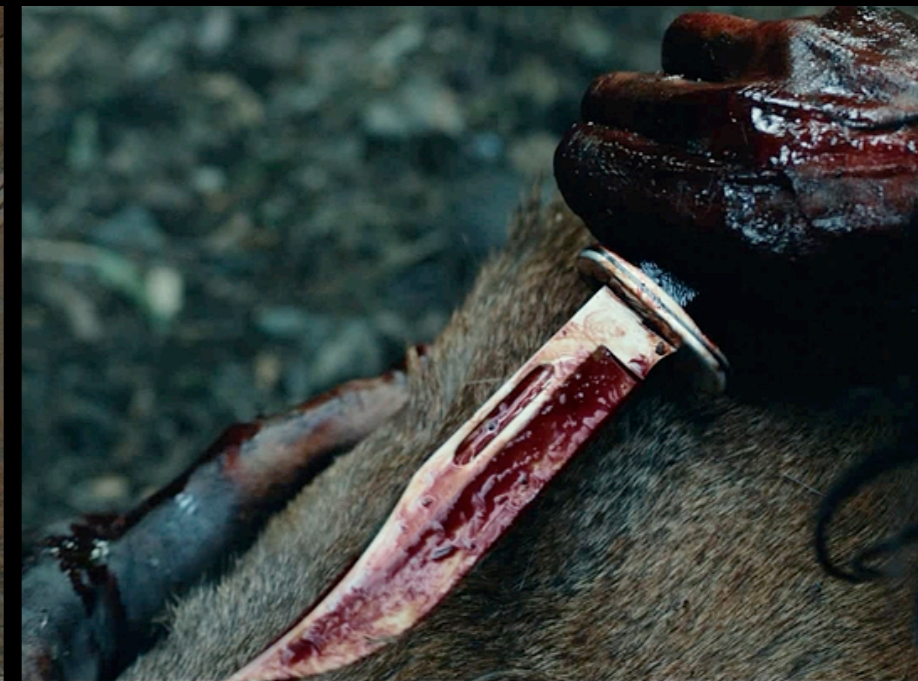

Should be like Sonic -Sorcerors in the Desert. Like a Lynchian-MadMax.

ACTORS

Could be simple. Could be Stylized.

Could be like a matted dress suit or abstract costume. Outfit should be clean, distinct, and understandable.

PROPS

KNIFE, BLOOD, DIRT

Prop Blood, Knife. Need several Cacti.

A wide-angle, high-angle shot of a vast, hazy landscape. The terrain is a mix of dark and light patches, suggesting a dry, rocky or sandy environment. In the foreground, a person is walking along a dark ridge on the left side, their figure silhouetted against the lighter background. The horizon is flat and distant, with a pale, overcast sky. The overall mood is one of solitude and vastness.
